Leah,

This is Dan, he is a Fellow with me here at Venture for America and working for a startup called Black Book HR. Perhaps there could be a connection between them and one of the portfolio companies?

Just wanted to get them plugged in and see if there is a fit!

Dan,

This is Leah, she works with DVP and may have the answers for you questions. She is also totally awesome.

Happy networking!

-Jake

Dan, glad to "meet" you. Keep me posted if there's something I can do to be of help.

With all the best,
Leah Moss

Hi Leah,

Thanks so much for getting in touch with me. As Jake said, I am also a VFA fellow and I'm heading to Cincinnati at the conclusion of our training program to work for a company called Blackbook HR (www.blackbookhr.com).

Blackbook is an HR software company that has a suit of products that help companies attract and retain top talent.

With the Venture for America connection, I wanted to reach out and discuss our software with companies in Detroit as I believe that we have a tool that can help showcase Detroit's merits to the rest of the country as well as help new employees (VFA fellows included) take advantage of and engage with the Detroit community. Here is a link to a video that explains more about one of our products called Yocal: <http://vimeo.com/37317572>.

Let me know what you think and hopefully we can set up a time to speak more formally.

Warm regards,

Dan

Hi Leah,

I wanted to send you a bit more information about about Blackbook HR. I've attached a powerpoint presentation that should give you a better understanding of the services we have to offer as well as access to a demo of one of our products.

You have a great group of fellows coming your way from VFA and I can't wait to visit them and see your city for myself.

Best,

Dan

Thanks so much Dan! I'll pass this along to our team to see if there's something helpful here for our portfolio companies potentially.

With all the best,
Leah Moss
